

42ND CEBA

CONFERENCE & EXPO
AMELIA ISLAND, FL
NOVEMBER 7-10, 2022

EXHIBITOR PROSPECTUS

The CEBA Conference & Expo attracts over 275 attendees and is the best venue for reaching builders and other construction and engineering decision-makers in the controlled environment construction industry. Participants come to the conference to learn about industry innovations and make important purchasing decisions. The expo features the latest technologies, solutions, products and services from the most respected names in the industry. All networking breakfasts, lunches and breaks are held in the CEBA Expo to ensure guaranteed traffic. Securing your spot in the expo guarantees a high level of visibility and face-time with conference attendees.

INDIVIDUALS THAT ATTEND

Design/Build and Thermal Contractors: Owners, executives, engineers and project managers

End Users: Owners/CEOs who are building or expanding facilities, chief engineers and other individuals responsible for energy, construction or facility maintenance

COMPANIES THAT ATTEND

Controlled Environment Contractors
3PL Operators
General Contractors
Industrial Refrigeration Contractors
