

Because of the area's high groundwater, gravel was laid and water continuously pumped offsite to stabilize the ground for construction activities. (Photo courtesy of Primus Builders.)

2020 BUILT BY THE BEST AWARD-WINNING SUPPLIER PROFILES

These are the companies integral to the success of the winning project.

ALTA Refrigeration, Inc.

ALTA Refrigeration is a full service design/build constructor of Industrial Refrigeration Systems. For over 30 years, ALTA's reputation for energy conservation, low maintenance costs, unique problem solving, and long term value is verified by the repeat business earned from numerous IARW members and other major companies. In-house designed computer control energy savings systems includes over 27 years experience and hundreds of installations. Our reliable 24-hour service department and well-stocked parts departments are important to your business. Licensed in over 22 states, ALTA is positioned to help companies realize a larger return on investment by reducing operating costs.

Dow Building Solutions

Dow Building Solutions serves the global building, construction and related markets with industry-leading insulation, house-wrap, sealant and adhesive products, as well as complete systems. Through its extensive manufacturing, sales and technical support organization, Dow Building Solutions continually creates novel solutions for improved energy efficiency in buildings today, while also addressing the industry's emerging needs and demands.

Fastener Systems, Inc.

Specializing in fasteners for all types of cold storage, food processing & refrigerated warehouses. Stocking stainless, self-drilling, self-tapping, ZACS® and explosion release

fasteners. FABLOKS®, long length teks and roofing screws in stock. Tools, accessories, INSTA-FOAM®, tapes, caulks and butyl. The originators of POLARFAST®, the concealed panel screw. Fast overnight delivery.

The Fricks Company

Industrial concrete floor contractor providing superior workmanship and outstanding customer satisfaction. Fricks specializes in providing the most durable concrete floor in the world through delivering their shrinkage compensating concrete floors which are holistically more durable and virtually eliminate curling and cracking while eliminating up to 90% of joints. The Fricks Company is the recognized leader in premium food facility, manufacturing, and distribution facility floor construction.

Global Insulated Doors Inc.

Global Insulated Doors is a premier manufacturer of cold storage insulated doors. Our specialty is developing custom doors for all projects no matter what the size. Global Insulated Doors is proud to be family owned and operated. Our reputation for manufacturing a complete range of quality insulated doors, from Personnel doors to large Electric sliding doors, is driven by our many years of experience. This experience and knowledge combined with high levels of integrity and professionalism ensures that our clients receive the best value, highest performance and most technologically advanced products and service in the marketplace today.

Green Span Profiles

Our products serve the cold storage, commercial/industrial and architectural market segments. Along with our manufactured products, Green Span Profiles offers a collection of services including technical support, engineering, and drafting. Green Span panels are formed by a continuously poured-in-place, manufacturing process that binds interior and exterior steel facings to a polyisocyanurate, insulating foam core. With exceptional insulating properties, superior spanning capability, accelerated installation times, cost-effective pricing, recycled content, plus a rigid feel and streamlined appearance the applications are limitless. All of our panels are rigorously tested and are FM 4880 and 4881 approved.

Group4 Reps (Gulf Eagle Supply)

Cold Storage Representative for Carlisle-Syntec, manufacturer of TPO, EPDM, PVC single ply roofing systems, and Owens Corning extruded polystyrene for the cold storage, food service and commercial roofing/waterproofing industries.

Johns Manville

Johns Manville manufacture premium-quality insulation, commercial roofing and fibers and nonwovens for commercial, industrial and residential applications. In addition to delivering well-made, reliable products, we are here to provide exceptional customer service and technical assistance to help ensure that your jobs are done right — from start to finish.

Lewis Electrical Contractors, Inc.

Lewis Electrical Contractors is your project's turnkey electrical construction provider. We specialize in commercial and industrial projects. We have established a reputation for quality performance and meeting the demands of challenging projects. Lewis Electrical Contractors, Inc. provides complete electrical services for new construction, existing buildings, modifications / tenant improvements, design-build and special projects in a variety of environments including manufacturing, warehouse distribution, medical, food processing, refrigeration, material handling, packaging and lighting.

Metl-Fab, Inc.

Metl-Fab, Inc. was founded in 2005 and is a cold storage construction contractor specializing in metal panels, cold storage services, truck dock canopies, metal fabrication and materials. We provide installation services across the United States and are well versed in all aspects of cold storage construction.

Metl-Span

Manufacturers of Factory Mutual Class I polyurethane foamed-in-place panels and polystyrene laminated insulated panels for the construction of cold storage, freezer, food processing and meat plants. Metl-Span also supplies panels for ambient buildings for commercial and industrial use. Find out why Metl-Span makes the most thermally efficient panels available today.

RHH Foam Systems Inc.

Manufacturers of VERSI-FOAM portable 2-component, low-pressure spray polyurethane foam systems. Units available in a variety of foam densities and sizes; both disposable and refillable containers. Also VERSI-TITE single component foam sealant and VERSI-BLOCK Fire Block and sealant in aerosol cans. All units compatible with low temperature environments and for a wide variety of insulating, sealing, caulking, and patching applications.

Rytec High Performance Doors

Rytec is a manufacturer of high-performance doors for industrial, commercial,

pharmaceutical and cold-storage environments. Whether rolling, folding, sliding or swinging doors, high-performance doors are our only business. Rytec corporate offices and manufacturing operations are headquartered in Jackson, Wisconsin, a suburb of Milwaukee. Customer technical support is provided through regional offices and a network of local dealers and installers throughout North America.

Shadco Column Bearing Blocks

Shadco manufactures column bearing blocks, insulated wall panel blocking and pipe support insulation for use in cold storage and food processing building construction. Our column bearing blocks, also known as freezer blocks or thermal isolation blocks, are made from high density, high strength closed cell polyurethane. The blocks are manufactured according to your plans, pre-drilled ready for installation and are available in a variety of densities and compression strengths. Shadco offers short lead times as well as quick turn around on quotes and shop drawings. Contact us for more information and a quote. ☎
